Let's Start!

I like you just the way you are!

Learning Outcome

Use expressions about relationships and feelings in a range of social and work contexts.

Can Do Statements

- I can talk about social activities.
- I can talk about wishes and imaginary situations.
- I can exchange opinions.

Ask your partner:

- What do you think of blind dates?
- What happens if you go out with someone and find you just don't like them?

Let's Explore!

If Peter could just get past that **awkward*** 'getting to know you' **period****!

* "Awkward period" means the time when you feel nervous and embarrassed and find it difficult to communicate.

Instructions: Read the text aloud.

- Vanessa:** Have you caught up with Peter lately? I wish I saw him more often.
Sally: I helped him set up a profile. He's into online dating now.
Vanessa: Oh no! What do you think about that?
Sally: In my opinion, it's a waste of time.
Vanessa: I'm not so sure about that. If he could get to know someone a little before he met them, it would help.
Sally: I see what you mean. Being nervous going out on a first date always brings out the geek in Peter.
Vanessa: That's for sure. Remember when he took his date out to the comic book store? She was soooo unimpressed!
Sally: Yes, and when he called up to ask what someone should do if they lost their date at a concert?
Vanessa: I wish he could meet someone who appreciated him.
Sally: If he could just get past that awkward 'getting to know you' period, he'd be fine.
Sally: Well, according to Tender, if you're looking for love, there's someone for you!
Vanessa: I'm sure that's true.
Sally: If we could just figure out how get him to bring his next date to your restaurant, maybe we could help!
Vanessa: Ooooo! Project Peter! Fun!

Learning Points

Phrasal Verbs about Socializing

You can use phrasal verbs when you talk about socializing or when you are socializing. Phrasal verbs are informal verbs so they fit well into conversations about and in social situations.

When you add a particle (preposition) to a verb, it becomes a phrasal verb. The verb changes and has a different meaning.

Phrasal Verb Form:

verb + particle (preposition)

set + up = arrange

get + past = overcome

Phrasal verbs can be followed by phrases explaining 'what?' to give further explanation, but this is not always necessary.

For example:

He's taking someone out? (no explanation needed)

Let's set up a weekly lunch. (more explanation needed)

Examples:

- *Have you caught up with Peter lately?*
- *I helped him set up a profile.*
- *He's into online dating now.*
- *When he called up and asked what someone should do if they lost their date at a concert?*
- *Being nervous going out on a first date always brings out the geek in Peter.*
- *If he could just get past that awkward 'getting to know you' period.*
- *Remember when he took his date out to the comic book store?*

Learning Points

Talking about Wishes and Imaginary Situations

You use **wish** and the second conditional to talk about imaginary situations in the present or future.

Form:

Wish + past form of verb

I wish + I were

I wish + he had

I wish + they could

If + Simple Past tense , modal (*would / could / might*)

If I had ... , I would ...

If I knew ... , I could ...

Wishes and sentences in the second conditional infer that what you want is probably not possible, or for some reason impossible.

Sentence	Meaning
<i>I wish he could meet someone who appreciated him.</i>	people don't appreciate him
<i>He asked what someone should do if they lost their date.</i>	he lost his date
<i>If he could get to know someone a little before he met them, it would help.</i>	he can't get to know them before they meet
<i>I wish I saw him more often.</i>	I don't see him often
